Important Information

There are several levels of sponsorship available.

Add a checkmark to the package type and additonal options (limited to gold sponsorship or above) you would like to apply for.

Please send us the completed **sponsoring sheet**, your **logo as vector graphics** (svg, eps) or as .png, or .jpg, and a **short biography of your company for our website** (English, max. 455 characters).

The timeframe for deliveries at the bcc has not yet been confirmed. At this point in time we cannot provide any information about deliveries. We will provide you with this information once it has been confirmed.

Ticket vouchers must be redeemed 1 month before the event.

Once we have received your sponsoring application we will review and confirm it, along with an invoice. Please keep in mind that all sponsors and attendees must be listed accordingly for the event set-up and tear-down. Please send us a list of the people who will be attending the event 8 weeks before the event, so that they can be added to the list of permitted persons. Event wristbands for set-up and tear-down are usually provided by the bcc and are issued as part of access control. Wristbands are to be worn at all times and must be returned at the end of the conference.

Please send your completed application to sponsoring@pycon.de

Sponsorship Application
